Richard Hendrik, Software Developer

rhendriks@mail.com | (912) 555-4321 | San Francisco, California, US
Gitplace: https://gitplace.com/rhendricks | **LinkedIn:** https://linkedon.com/richardh

SUMMARY

Richard hails from Tulsa (https://en.wikipedia.org/wiki/Tulsa,_Oklahoma). Holds a bachelor's degree from the University of Oklahoma and a master's degree from Stanford University. (Go Sooners) Before starting Pied Piper, he worked for Hooli as a part time software developer. While his work focuses on applied information theory, mostly optimizing lossless compression schema of both the length-limited and adaptive variants, his non-work interests range widely, everything from quantum computing to chaos theory. He could tell you about it, but THAT would NOT be a length-limited conversation!

EXPERIENCE

Facebook | Principal Software Engineer — Nov 2016

Facebook is an American social media conglomerate corporation based in Menlo Park, California. It was founded by Mark Zuckerberg, along with his fellow roommates and students at Harvard College, who were Eduardo Saverin, Andrew McCollum, Dustin Moskovitz and Chris Hughes, originally as TheFacebook.com—today's Facebook, a popular global social networking website
